

# Commercial Building & Land Development

REACHING  
the  
PEAK in  
BUILDING

## SUCCESSFUL PROJECTS FROM START TO FINISH

At Blue Northern Builders, our job is to take the worry out of planning, designing, and building your space, so you can focus on your core business. We provide a full range of construction services to meet your project needs.

*We have the proven capability to deliver projects of any size and scope, handling multiple and concurrent projects without skipping a beat.*

Preconstruction

Value Engineering

New Construction

Architectural Planning & Design-Build

Remodeling & Renovation

Construction Management

## THE TEAM YOU CAN DEPEND ON

Blue Northern Builders takes a team-based approach to every project. You will have a dedicated team who understands your business and the mission of your facility. We have the experience and the resources to build any type of commercial project, including office buildings, retail spaces, restaurants, recreational facilities, entertainment facilities, religious facilities, and educational centers.
